Independent Auditors' Report

Board of Directors
Catholic Press Association of the
Diocese of Rockville Centre, Inc.
Rockville Centre, New York

We have audited the statement of financial position of the Catholic Press Association of the Diocese of Rockville Centre, Inc. (the "Association") as of August 31, 2011, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of the Association's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Association as of and for the year ended August 31, 2010 were audited by other auditors whose report dated February 4, 2011 expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2011 financial statements referred to above present fairly, in all material respects, the financial position of the Catholic Press Association of the Diocese of Rockville Centre, Inc. as of August 31, 2011, and the change in its net assets and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Years Ended August 31, 2011 and 2010

1. Organization

The Catholic Press Association of the Diocese of Rockville Centre, Inc. (the "Association") is the publisher of "The Long Island Catholic", the weekly Catholic newspaper of the Roman Catholic Diocese of Rockville Centre (the "Diocese").

The Association is exempt from Federal income taxes under Section 501(a) of the Internal Revenue Code and a similar provision of the New York State income tax laws, except for income not related to its tax-exempt purpose (e.g., revenues from business advertising). There is no unrelated business income tax liability in 2011 or 2010.

2. Summary of Significant Accounting Policies

(a) **Basis of presentation** - The accompanying financial statements have been prepared in accordance with United States generally accepted accounting principles using the accrual basis of accounting. Accordingly, the Association's financial statements distinguish between unrestricted, temporarily restricted and permanently restricted net assets, based upon the existence or absence of donor-imposed restrictions, as follows:

Unrestricted net assets - This includes amounts that have not been donor restricted and are available for use in carrying out the general operations of the Association.

Temporarily restricted net assets - This includes amounts that have been limited by donor-imposed stipulations that either expire with the passage of time or can be fulfilled and removed by the actions of the Association pursuant to those stipulations.

Permanently restricted net assets - This includes amounts whereby donors have stipulated that the principal contributed be maintained in perpetuity.

The Association did not have any temporarily or permanently restricted net assets as of and for the years ended August 31, 2011 and 2010.

(b) **Cash and cash equivalents** - Cash and cash equivalents include highly liquid financial instruments with original maturities of three months or less, except for those instruments held by investment managers for long-term investment purposes.

(c) **Fair value measurements** - Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The three levels of the fair value hierarchy are as follows:

Level 1 Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that a reporting entity has the ability to access at the measurement date.

Level 2 Inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 Inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement. The classification of an asset or liability in the fair value hierarchy is not necessarily an indication of the risks, liquidity, or degree of difficulty in estimating fair value of the asset or liability.

Notes to Financial Statements

Years Ended August 31, 2011 and 2010

- (d) **Investments** - Investments are recorded at fair value. The Association applies the measurement provisions of Financial Accounting Standards Board Accounting Standards Update No. 2009-12, "*Fair Value Measurements and Disclosures - Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*" ("ASU No. 2009-12"), with respect to investments within its scope (including the investments in Unitas (see Note 3). This guidance allows for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value using net asset value per share or its equivalent.

Because the net asset value reported by each fund is used as a practical expedient to estimate fair value of the Association's interest therein, its classification in Level 2 or Level 3 is based on the Association's ability to redeem its interest at or near fiscal year end. If the interest can be redeemed in the near term, the investment is classified as Level 2.

- (e) **Property and equipment, net** - Property and equipment are recorded at cost at date of acquisition or fair value at date of contribution, if donated. Leasehold improvements are amortized over the shorter of the lease term or their estimated useful life, generally 20 years, using the straight-line method. Furniture and equipment are depreciated using the straight-line method based upon the estimated useful life of six years. Library books are depreciated using the straight-line method based upon the estimated useful life of ten years.
- (f) **Revenue recognition** - Subscription and advertising revenue is recognized upon shipment of the newspaper. Amounts received in advance of the shipment date are reported as deferred revenue.
- (g) **Allowance for doubtful accounts** - The Association determines its allowance for doubtful accounts based upon a formula applied to aged accounts, in addition to an assessment of the respective advertisers' financial conditions.
- (h) **Use of estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the useful lives of fixed assets; allowances for doubtful accounts; due to third-party payors; and the valuation of investments.
- (i) **Risks and uncertainties** - The Association invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.
- (j) **Income taxes** - In accordance with Accounting Standards Codification ("ASC") Subtopic 740, "*Income Taxes*", the Association accounts for uncertainties in income taxes recognized in the financial statements using a threshold of more-likely-than-not. Management evaluated the Association's tax position and concluded that the Association had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of ASC 740. The Association is no longer subject to income tax examinations by United States federal, state or local tax authorities for the years before 2008, which is the standard statute of limitations look-back period.
- (k) **Reclassifications** - Certain 2010 amounts and descriptions have been reclassified to conform to the 2011 financial statement presentation. These reclassifications have no effect on previously reported changes in net assets.

3. Investments

The Association's investments are in pooled investment funds held by Unitas, a separately incorporated, nonregulated investment fund organized to provide investment options to Roman Catholic organizations in the Diocese. Unitas offers investment options to participants including a money market fund, fixed income, and equity offerings. The investments in Unitas are carried at estimated fair value based principally upon the quoted market prices of the underlying assets of the fund. A "mission fee" is deducted from the investment performance of all participants for the purpose of funding the mission component, provided the fund had a positive return. The rates range from 0.05% to 0.50% annually depending upon the investment options chosen. In December 2009, the Unitas Board discontinued the mission fee for the remainder of fiscal year 2010. Effective September 1, 2010, the mission fee was reinstated.

The Association is invested in The Unitas Money Market Fund and The Unitas Balanced Fund, which had balances of \$180,584 and \$889,608, respectively, at August 31, 2011 and \$115,377 and \$1,737,265, respectively, at August 31, 2010. For the years ended August 31, 2011 and 2010, investment fees of \$13,241 and \$8,643, respectively, were included within net investment income of \$202,550 and \$147,480, respectively. The investments in Unitas are Level 2 inputs within the fair value hierarchy.

The investments in the Unitas Money Market Fund are redeemable daily. The investments in the Unitas Balanced Fund are redeemable quarterly with one day notice.

The Unitas Money Market Fund invests in short-term debt securities and money market instruments.

The Unitas Balanced Fund invests approximately 50% of its assets in the Unitas Total Fixed Income Fund and 50% of its assets in equity securities. The Unitas Total Fixed Income Fund invests the majority of its assets in fixed income securities, mutual funds, and other investment pools that invest in fixed income securities.

4. Property and Equipment

At August 31, 2011 and 2010, property and equipment consisted of the following:

	2011	2010
Furniture and Equipment	\$ 315,803	\$ 309,003
Leasehold Improvements	348,085	348,085
Library Books	8,495	8,495
	<u>672,383</u>	<u>665,583</u>
Less Accumulated Depreciation	(462,409)	(426,785)
	<u>\$ 209,974</u>	<u>\$ 238,798</u>

5. Related-Party Transactions

- (a) **Rent obligation** - The Association leases its facility from the Diocese under a written agreement. The Association paid the Diocese \$6,795 per month or approximately \$81,540 annually during 2011 and \$6,670 per month or approximately \$80,040 annually during 2010.

The following is a schedule by year of future minimum rental payments as of August 31, 2011:

Years Ending August 31,

2012	\$ 83,040
2013	84,450
2014	86,040
2015	87,540
2016	89,040
	<u>\$ 430,110</u>

Notes to Financial Statements

Years Ended August 31, 2011 and 2010

- (b) **Pension Plan** - The Association is a participant in the noncontributory lay pension plan, a defined benefit plan, established by the Diocese covering employees who meet certain minimum service requirements. Because the Plan is considered a multi-employer plan, it is only subject to certain minimum reporting requirements of ASC 715-10-05, "Employers' Accounting for Pensions", as amended by ASC 715-20-55, "Employers' Disclosures about Pensions and Other Post Retirement Benefits". Pension expense totaled \$76,480 and \$117,288 for the years ended August 31, 2011 and 2010, respectively.
- (c) **Insurance and benefits** - The Association has obtained its property and casualty insurance through the Protected Self Insurance Program of the Diocese of Rockville Centre ("PSIP"). The Association's employees obtain their health insurance through the Health Insurance Program of the Diocese of Rockville Centre ("Health Insurance Program"). Insurance premiums charged by the PSIP to the Association totaled \$9,757 and \$15,577 for the years ended August 31, 2011 and 2010, respectively. Additionally, the Association's expense under the Health Insurance Program was \$131,250 and \$200,057 for the years ended August 31, 2011 and 2010, respectively.
- (d) **Due to Diocese of Rockville Centre** - In January 2010, the Association stopped billing Parishes for subscription income but continued to distribute the Long Island Catholic to subscribers and as a result, the Diocese committed to subsidize the Association up to \$1,200,000 in calendar year 2010. For the period through August 31, 2010, the Diocese subsidized the Association in the amount of \$800,000. As of August 31, 2010, the Association had been advanced \$1,145,641. In fiscal 2011, the Diocese subsidized the Association \$400,000.

6. Subsequent Events

Management has evaluated subsequent events through December 6, 2011, the date the financial statements are available for issuance, for inclusion or disclosure in the financial statements.
